7. Scope of Work/Technical Requirements

Gulf Coast Community Services Association (GCCSA) Head Start/Early Head Start Program encourages participating providers to practice the “Medical Home” and “Dental Home” concept for clients in the Program. All providers submitting proposals must be a Medicaid eligible dental and/or medical home with the ability to bill Medicaid. The maximum benefit of health care for each individual and family needs to be a participating member of a readily identifiable, community-based medical and/or dental home.

GCCSA Head Start/Early Head Start requires providers to adhere to the specific billing requirements as listed below.

- **GCCSA is the payer of last resort.** Payments for services not to exceed the amount reimbursable by Medicaid. GCCSA will be obligated to pay only such costs not covered by Medicaid, CHIP and/or Private Insurance. **Written confirmation of all costs not covered by Medicaid, CHIP and/or Private Insurance must be provided with billing.** Any additional cost over the Medicaid rate will be donated to the Head Start program as in-kind as required by the Office of Head Start and noted in the invoice.

Provide monthly-itemized invoices by the 10th of each month indicating regular fee, in-kind contribution and GCCSA Head Start/Early Head Start fee.
The Contractor will perform the medical or dental services according to the EPSDT (Early Periodic Screening and Diagnosis Treatment) requirements to eligible Head Start/Early Head Start children and pregnant women enrolled in the program.*

In order to ensure a maximum benefit of medical/dental care and a regular source of care to each child, and to comply with the Head Start Standards, the participating provider must be enrolled in Medicaid as a Texas Health Steps Provider and in the Children’s Health Insurance Program.*

The results of check-ups will be shared with the Health & Nutrition Manager of the GCCSA Head Start/Early Head Start Program.*

Head Start Program Performance Standards require that preventive treatments must be completed within ninety (90) days of the child’s first day of school and every 6 months thereafter.*

In order to meet the needs of the Head Start/Early Head Start parents, services must be provided within the GCCSA service area (southeast part of Harris County, including South Houston and Pasadena); On-site services availability will be considered.*

Provider has proof of required amounts of insurance, current licensures, certifications and years of experience.*

Provider must agree to cover any fees attached to a TB skin test, Department of Family, and Protective Services (DFPS) background check, and Fingerprint Applicant Services of Texas (FAST) as it is required by childcare licensing regulations.

The Contractor will perform the follow-up services for medical or dental services according to the EPSDT requirements to eligible Head Start/Early Head Start children and pregnant women enrolled in the program. *

Services will be provided only with written authorization from GCCSA.*

Notify Gulf Coast’s Head Start and Early Head Start program office via written form and telephone prior to initiating follow up or referrals for specialty care for written authorization of services.*

Complete the required documentation that will report findings of the medical or dental services and any other components of the medical or dental screening listed in the provided “Child Health Record”.*

All Providers should ensure that employees are aware of and fully respect each client’s cultural background and lifestyle and meet the language needs of all clients.*

Provider employees should be trained to be customer-service oriented and to professionally interact with clients when performing contract services. Providers’ employees should be courteous, efficient and neat in appearance at all times and committed to offering the highest degree of service to the public.*

The goal of this RFP process is to objectively select a vendor(s) that can provide the highest quality of services at a realistic premium. Accordingly, technical qualifications and experience will be weighed heavily. The estimated or proposed costs will be considered subject to the overall comparability of the respondent's qualifications.*

**ADDITIONAL SCOPE OF WORK – MEDICAL**
• The Texas Health Steps (EPSDT) component requirements of the preventive medical check-ups must be followed.* EXCEPTION: A hemoglobin test must be performed at the time of the well child check up for those children 3 years of age or older. If the hemoglobin test was performed on the child at age two years, then these results may be included in the child health report sent to GCCSA.

**ADDITIONAL SCOPE OF WORK – DENTAL**

• The Texas Health Steps (EPSDT) component requirements of the preventative dental check-ups must be followed.

VOLUNTARY IN-KIND

Head Start federal grant requirements stipulate each grantee is required to match their grant award with 20% in the form of cash donations or donated products and/or services. The Head Start Act stipulates that the Federal share of the total costs of the Head Start program will not exceed 80 percent of the total grantee budget. If the grantee agency fails to obtain and document the required 20 percent, or other approved match, a disallowance of Federal funds may be taken. Non-Federal share must meet the same criteria for allowability as other costs incurred and paid with Federal funds. Third party in-kind contributions shall count toward satisfying a cost-sharing or matching requirement only where, if the party receiving the contribution were to pay for them, they would be an allowable cost. Allowable costs are determined by the tests of reasonableness, necessity and allocability as defined in Title 2 of the Code of Federal Regulations (2 CFR 220, 2 CFR 225, and 2 CFR 230).

For example, the federal government provides 80% of the funding and mandates the grantee it provide the remaining 20% through in-kind donations from private donors, local businesses, universities, social service agencies and other community agencies.

**Donations, if any, are strictly voluntary. There is no obligation on the part of the bidder to offer an In-kind donation.**

What constitutes In-kind?

Examples: 1. Percentage discounting of fee/rate because purchaser operates a federally funded Head Start/Early Head Start program
   2. Donation of labor hours for service provided
   3. Donation of specific goods, etc.
   4. Cash

If your firm wishes to assist GCCSA in reaching their goal of matching funds, please provide the methodology (one of the above examples) used to determine the value of your in-kind donation and the value of any donation your firm wishes to provide.
