## **VOLUNTARY IN-KIND**

Head Start federal grant requirements stipulate each grantee is required to match their grant award with 20% in the form of cash donations or donated products and/or services. The [Head Start Act](#) stipulates that the Federal share of the total costs of the Head Start program will not exceed 80 percent of the total grantee budget. If the grantee agency fails to obtain and document the required 20 percent, or other approved match, a disallowance of Federal funds may be taken. Non-Federal share must meet the same criteria for allowability as other costs incurred and paid with Federal funds. Third party in-kind contributions shall count toward satisfying a cost-sharing or matching requirement only where, if the party receiving the contribution were to pay for them, they would be an allowable cost. Allowable costs are determined by the tests of reasonableness, necessity and allocability as defined in Title 2 of the Code of Federal Regulations ([2 CFR 220](#), [2 CFR 225](#), and [2 CFR 230](#)).

For example, the federal government provides 80 % of the funding and mandates the grantee it provide the remaining 20 % through in-kind donations from private donors, local businesses, universities, social service agencies and other community agencies.

**\*\*Donations, if any, are strictly voluntary. There is no obligation on the part of the bidder to offer an In-kind donation.**

### **What constitutes In-kind?**

Examples:

1. Percentage discounting of fee/rate because purchaser operates a federally funded Head Start/Early Head Start program
2. Donation of labor hours for service provided
3. Donation of specific goods, etc.
4. Cash

If your firm wishes to assist GCCSA in reaching their goal of matching funds, please provide the methodology (one of the above examples) used to determine the value of your in-kind donation and the value of any donation your firm wishes to provide.
